petitive networking which, exists in USA and other developed countries. The Committee has gone into all of this. With the papers to be laid on the Table of the House the Members will become aware of what has already been gone into and recommended.

SHRI SUBRAMANIAN SWAMY: What about the Prime Minister's personal computer? That also has got a virus. Does he know about the security angle?

PROF. M. G. K. MENON: Sir, as you are aware...

SHRI YASHWANT SINHA: How can he answer a personal question?

SHRI SUBRAMANIAN SWAMY: Why not? Who are you to answer on his behalf?

SHRI YASHWANT SINHA: It is a personal computer.

SHRI SUBRAMANIAN SWAMY: Sir, this is the extent of their ignorance. The personal computer does not mean that you put it in your pocket. It is a word ...(*Interruptions*)

SHRI SATYA PRAKASH MALAVIYA: You are also putting one in your pocket.

SHRI SUBRAMANIAN SWAMY: That is a different personal computer.

SHRI KAMAL MORARKA: Dr. Swamy does not know the latest technology, I can deprogramme his computer which is in his pocket.

MR. CHAIRMAN: Have you any knowledge about the private computer?

SHRI SUBRAMANIAN SWAMY: Sir, personal computer is a technical word. The Prime Minister was confused for two days because his personal computer had virus in it.

PROF. M. G. K. MENON: I am not personally aware of this particular event.

SHRI JAGDISH PRASAD MATHUR: Probably Subramanian Swamy put a virus into it.

MR. CHAIRMAN: Mr. Mathur wants to know whether you put virus...

SHRI SUBRAMANIAN SWAMY: Can you trust anything which the BJP says? (*Interruptions*)

DR. G. VIJAYA MOHAN REDDY: We are importing super computers and computers. Is there a possibility of infection of such imported computers? If there is such a possibility, how can the same be eliminated?

PROF. M. G. K. MENON: As far as a computer itself it concerned, hardware can not be infected by a virus. It is the operating system, which is the software, into which one can introduce a virus so that the programme, when it actually runs, does not operate in the way you had programmed it but has an additional element which is the virus, which does other things. This essentially comes in through the software.

The second point is that this virus has to be introduced. It is normally introduced through an input system. So, if you have a computer, whether it is an imported computer or a local one, it is a question of what goes in as inputs. Therefore if you control the input system, the virus cannot be introduced. That is why I said that the whole question relates to security of software passwords and a variety these precautions which are well known. There are also a variety of virus antidotes for the purpose.

*183. [*The questions (Shri Syed Sibtey Razi) was absent. For answer* vide col. 35-36 infra]

Withdrawal and creation of Posts in the KVS

*184. SHRI MOHD. KHALEELUR RAHMAN: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that a study has been conducted recently in the KVS to assess the staff strength;

(b) if so, what is the number of posts in the pay scales of Rs. 1640—2900 and Rs. 1200—2040 which have been withdrawn;

(c) what is the number of additional posts in the pay scale of Rs. 2200—4000 which have been created in the KVS (Hqrs);

(d) whether there is any proposal to fill up the posts in the scale of Rs. 2200—4000 on deputation basis; and

(e) if so, the reasons for withdrawing the posts in the lower scales and creating posts in the higher scales?

THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRI CHIMANBHAI MEHTA): (a) to (e) A statement is laid on the Table of the Sabha.

Statement

(a) to (e) Recently a study has been conducted to assess the staff requirements of KVS to cope up with the increase in the work generated due to operating of new Vidyalayas over the years. A part of the Report relating to certain Divisions of KVS has only been finalised. Report relating to other Divisions and the Regional Offices has not yet been finalised and as such complete details are not available. The decision for abolition/creation of posts will be taken when the complete report is available.

The existing Recruitment Rules for appointment to the post in the scale of pay of Rs. 2200—4000 provide for 50 per cent recriutment by transfer on deputation and 50 per cent by promotion failing which by transfer on deputation and these rules will be followed.

The need for posts in higher and lower scales has been brought out in the Work Study Report based on job requirements and quantum of work involved.

SHRI MOHD. KHALEELUR RAHMAN: The information provided in the reply is that the report of the other work study units has not yet been submitted. It is not based on fact. The reports for Administration and Personnel Sections had been submitted as early as October 1989. The report suggested many a change in the staffing pattern and a number of officials to be sanctioned for different kinds of jobs in the Sangathan. The report recommended creation of four posts in the scale of Rs. 2200—Rs. 4000 and two posts in the scale of Rs. 4100 Rs. 5,300 and withdrawal of eight 1,200—Rs. 2,040 and Rs. 950—Rs. 1,500. I would request the hon. Minister to come out with fuller details along with the justification in each case.

SHRI CHIMANBHAI MEHTA: In my answer I have said that a study has been conducted to assess the staff requirements of KVS. A part of the report relating to certain divisions of KVS has already been finalised. It is just an interim report relating to other divisions. The report for other regional offices has not yet been finalised. So to say that we have got the record is not correct. The interim report also discussed only about a part set-up of headquarters 20 per cent vacancies have occurred. Over the years KVS has grown. Therefore commensurate with the growth, the question of matching responsibilities at various levels, delegation of powers, proper coordination is collapsing, lack of communication—all these problems have been looked into. Only 16 posts at the lower level on an *ad hoc* basis have been filled up at the headquarters and nothing more has been done and nothing more has been finalised because just an interim report is available with us. That is my answer.

SHRI MOHD. KHALEELUR RAHMAN: My second supplementary relates to the staff. Since the staffing

pattern is faulty hundreds of yoga teachers were rendered surplus in the last session. The All India Kendriya Teachers Associations had to resort to agitation before it could be held in abeyance for the session and the Damoclean sword is still hanging over their heads. All categories of teachers were transferred last session but the physical education and yoga teachers were not because of this. I would like to ask the hon. Minister what he has in his mind to resolve this long over-due problem.

SHRI CHIMANBHAI MEHTA: About the yoga teachers, it is absolutely a separate category. The question is absolutely of a general nature whether lower level staff is being decreased or higher level posts are being increased. That is the main thrust of the question. If the hon. Member wants all the details, I will supply to him when he comes to me and nothing will be kept secret. Everything will be told.

श्री शंकर दयाल सिंह : सभापति जी, मैं सरकार से यह जानना चाहूंगा कि यह केन्द्रीय विद्यालय संगठन और जो नए नवोदय विद्यालय देश में खुले हैं, इनके बीच में आपस का रिश्ता क्या है और दोनों को क्या एक अथारिटी कंट्रोल करती है या अलग-अलग अथारिटी कंट्रोल करती है ?

इसके साथ ही मैं मंत्री महोदय का ध्यान इसी सदन में 8 तारीख को मेरे द्वारा पूछे गए प्रश्न की ओर दिलाते हुए जानना चाहूंगा कि उन्होंने नवोदय विद्यालय के प्रश्न के क्रम में कहा कि

"The Government has decided as of now to review the Navodaya Vidyalaya scheme."

तो क्या सरकार केन्द्रीय विद्यालय और नवोदय विद्यालय दोनों को एक क्रम में रखकर एक ही तरह से इसके वेतनमान और पाठ्यक्रम निर्धारित करेगी और प्रशासन एक ढांचे से चलेगा या दोनों में समानता न होकर कोई विषमता होगी ? अगर विषमता होगी, तो वह कौन-कौन सी होगी ? यह मैं मंत्री महोदय से जानना चाहता हूं ।

SHRI CHIMANBHAI MEHTA: Sir, there are two questions about Navodaya Vidyalayas future prospects. The matter has been handed over to the review committee which has been set up recently, what is to be done about its future, how it will be replaced or whatever they want to do. So I would not be in a position to reply. The first question relates to the already existing position whether Kendriya Vidyalaya and Navodaya Vidyalaya are managed by one organisation. Now they are two separate entities handling both educational streams. Therefore, there is no one unit in control of these two organisations.

MR. CHAIRMAN: Q. No. 186.

SOME HON. MEMBERS: What about Q N.. 185.

MR. CHAIRMAN: It has been transferred to the Ministry of External Affairs.

*185. [*Transferred to the 23rd May, 1990*]

पश्चिमी जर्मनी की संस्था एच.डी. डब्ल्यू. द्वारा पनडुब्बी के पूरे खाकों (ब्लू प्रिन्टस) का दक्षिणी अफ्रीका को बेचा जाना

*186. **सरदार जगजीत सिंह अरोड़ा :**
श्री राम जेठमलानी :

क्या **प्रधान मंत्री** यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि पश्चिमी जर्मनी से एच.डी.डब्ल्यू. पनडुब्बियों की खरीद करते समय इस आशय का समझौता हुआ था कि इन पनडुब्बियों

*सभा में यह प्रश्न सरदार जगजीत सिंह अरोड़ा द्वारा पूछा गया ।
